Haldane is a premium outdoor furniture brand based in Cape Town. We foster enduring connections with nature through our design-driven range of outdoor furnishings. Our small-batch, made-to-order collections feature a high degree of end-user customisation for authentic self-expression. Established by acclaimed furniture designer Haldane Martin, all our pieces carry our distinctive design signature and commitment to manufacturing innovation.

Haldane is committed to artisanal production. Every Haldane piece is manufactured and assembled in Cape Town by a handpicked team of specialist local manufacturers and international suppliers.

Haldane pioneered the use of powder-coated, marine-grade stainless steel in outdoor furniture. All Haldane's textiles are sourced from World-leading performance fabric brands. Our timber furniture is made with FSC-certified Iroko hardwood and chosen stone is Cosentino's carbon-neutral Dekton.

Haldane's designs are frequently chosen by Africa's leading designers. Our contemporary furniture has brought sophisticated colour and elegant forms to boutique hotels, luxury safari lodges, fine-dining eateries and high-end residential projects across the globe.

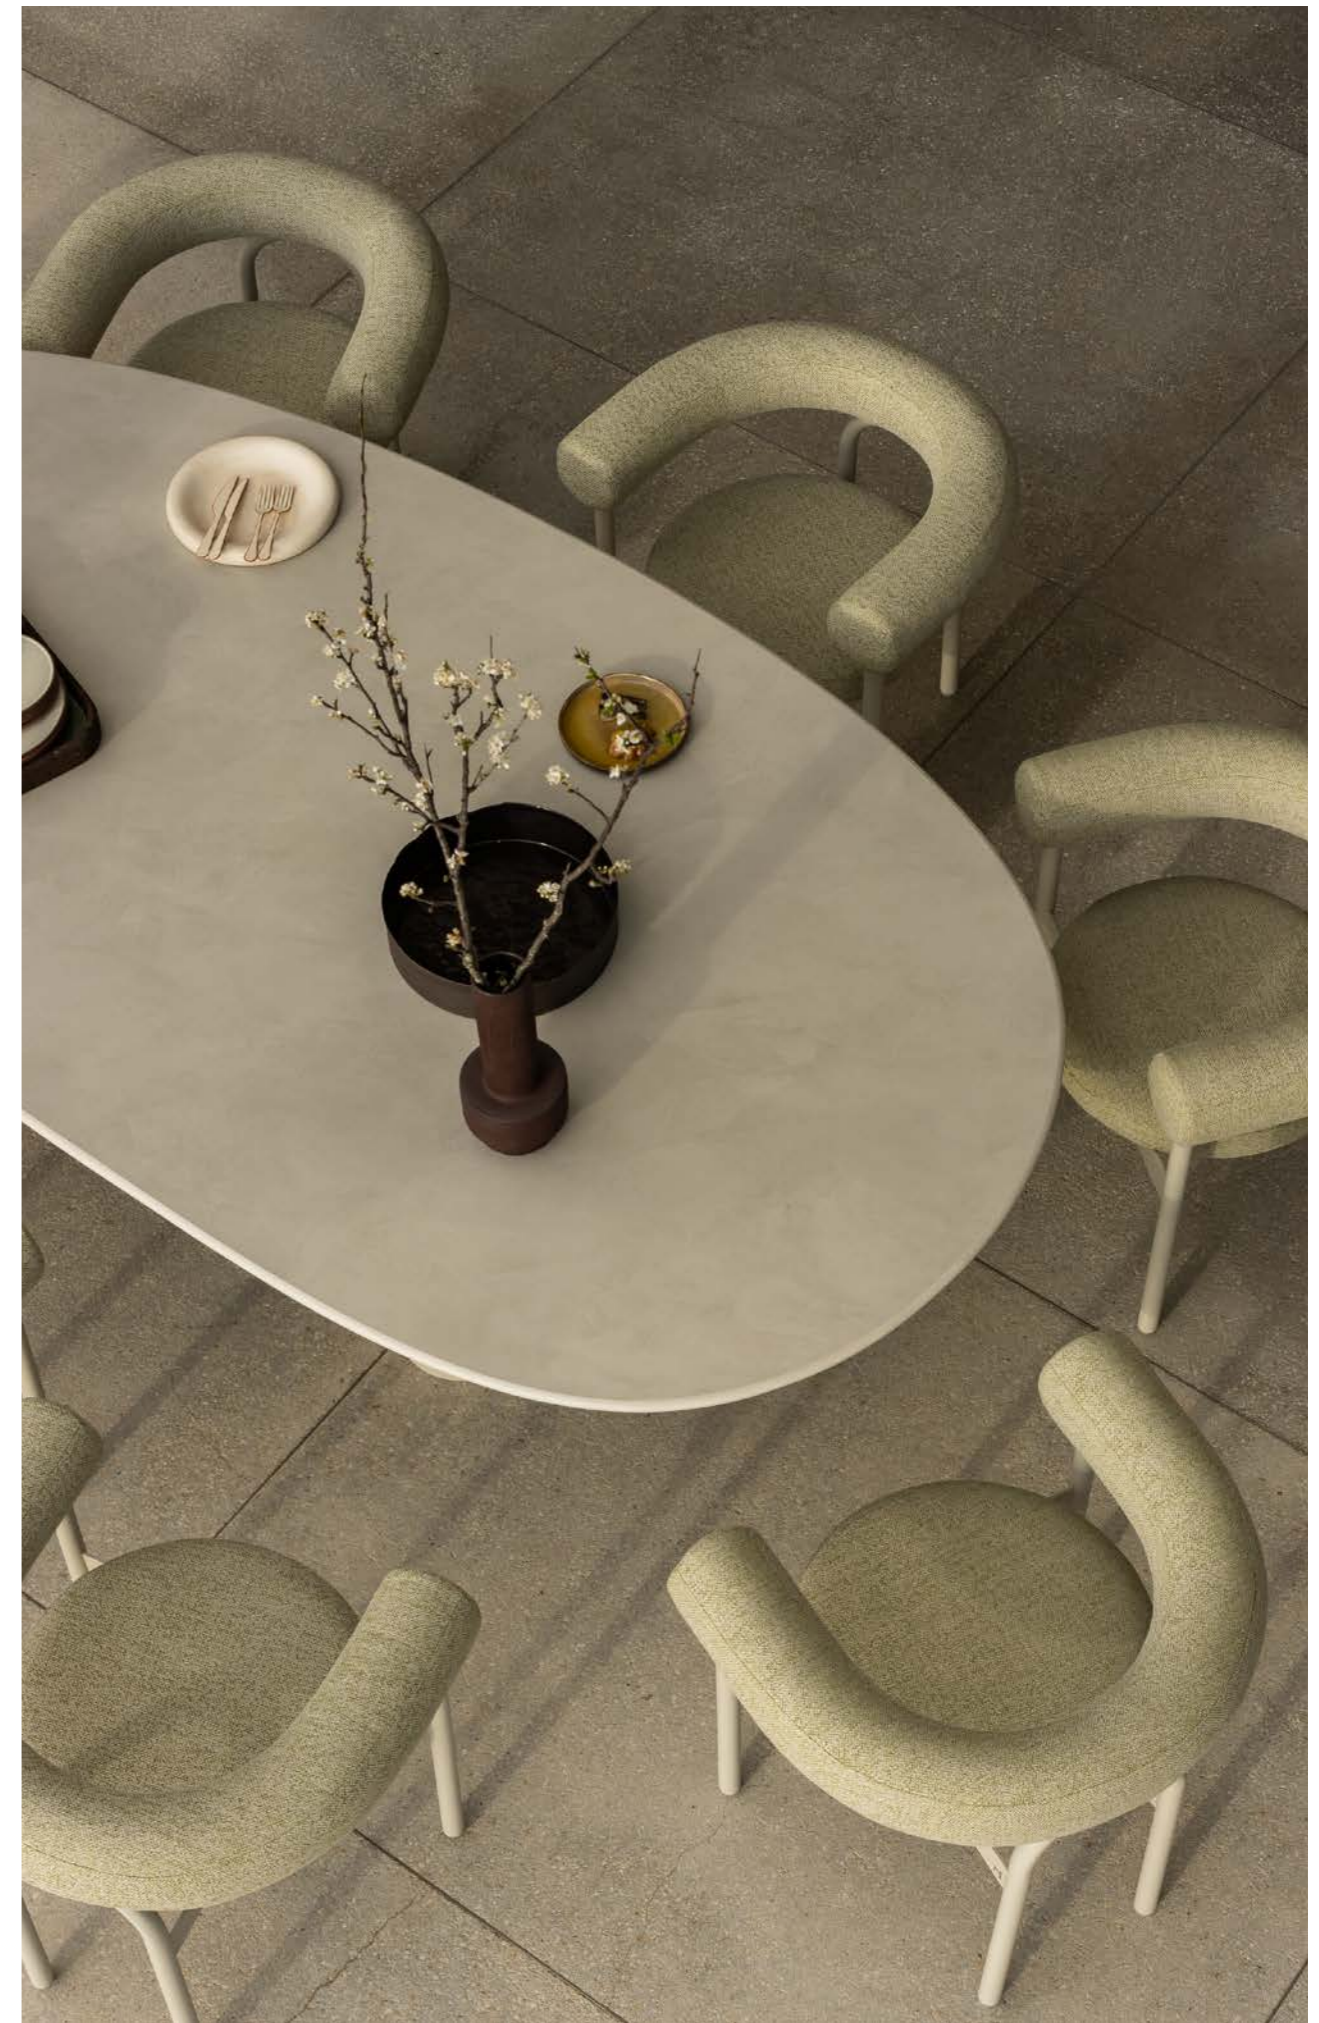

# Contour

## Nature Culture.

With its graceful geometries, restrained palette and oversized volumes, the Contour Daybed reconnects users with the natural world. Inspired by organic shapes, this escapist future-icon from Haldane is an expression of the brand's ethos of integrating culture and nature.

Lucky

## Pure Bliss.

A sanguine choice, the Lucky seating range features textured fabrics with waterproofed linings atop elegant steel frames with clean lines. The buxom upholstery provides sumptuous comfort for diverse use-case scenarios, while the playful curves recall the warmth of a smile, the perfection of an architectural arch, the luck of a horseshoe.

# Pappoa Sun

## Pop Dreams.

An inspired interpretation of a bohemian classic, the Papa Sun collection reimagines the pedestalled bowl chair of the 1950s in Haldane's signature sleek lines and hushed colours. A durable statement in outdoor luxury, this dreamy range comprises one-, two- and three-seater sofa options, as well as a lounge.

Chna Chna

## Minimal Memphis.

A teasing treat for the eye, the Cha Cha occasional tables feature beguiling geometrical pedestals whose moiré patterns give the illusion of movement. Completed with simple slivered tops, these monochromatic pieces are compelling either as stand-alone tables or can be artfully combined to form irregular compositions.

# Hula

## Resilient Classic.

The expansive Hula range of chairs reimagines the classic Salterini wire chairs of the 1950s and their South African derivatives in Haldane's distinctive geometric style. These dapper chairs with neat geometric lines and cosmopolitan colour palette are what gardener's might call resilient perennials.

# Polka

## Dotty Hottie.

The skinny-legged Polka café table collection was inspired by Cape Town's world-famous foodie culture. Feminine and functional, the playfully quirky design incorporates a swirling polka dot pattern into its tops. Robust and durable enough for commercial use, this beauty is offered in a multitude of delicious colours.

Powder Coat Colours

# Finishes

Powder Coat Colours

Aluminium, Stainless Steel (SS304) and Marine Grade Stainless Steel (SS316) components are offered powder coated in exterior grade UV-stable pure polyester with a luxurious ferro grain finish in the colour of your choice, from our extensive colour palette.

Iroko

Timber components come treated with Rubio Monocoat Hybrid Wood protector in Smoke (light grey) or Natural (teak) which nourishes and protects the timber.

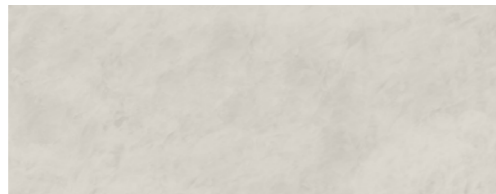

Dekton Engineered Stone  
20mm

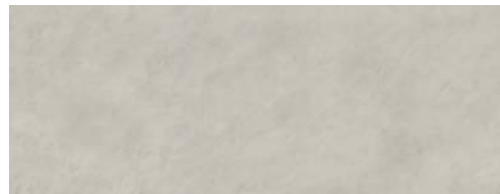

Table tops are offered in Dekton® 20mm slabs by Cosentino. Dekton® is the ideal material for luxury outdoor living with longevity.

Dekton - Onirika Neural

Dekton - Craftizen - Albarium

Dekton - Craftizen - Argentium

Dekton - Kreta

Dekton - Craftizen - Nacre

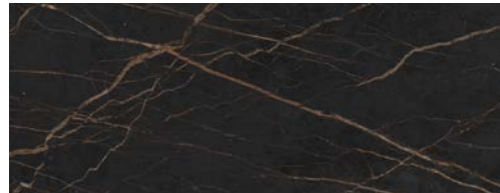

Dekton - Craftzen - Umber

Dekton - Sirius

Dekton - Onirika Somnia

Dekton - Laurent

Dekton Engineered Stone  
12mm

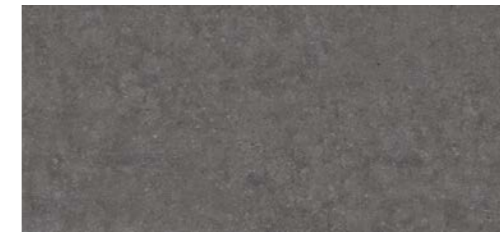

Knoppie Table tops are offered in Dekton® 12mm slabs. Elect from elegantly striped + light Marmorio (inspired by Travertino Navona, a natural stone quarried near Tivoli, east of Rome), tonal Grigio or emotive Grafite (reminiscent of a dark fine-grained limestone) to complement your preferred Iroko timber finish.

Dekton - Marmorio

Dekton - Grigio

Dekton - Grafite

Crevin Dolce (IMP)

Dolce (IMP) is preferred for fully outdoor conditions as this beautiful and functional upholstery fabric collection is finished with stain-repellence and with an internal layer of waterproof lamination.

Crevin Fiji (IMP)

Fiji (IMP) is a textured jacquard weave option for fully outdoor conditions as this beautiful and functional upholstery fabric collection can be spot cleaned allowing the easy removal of mildew. Crevin's Fiji (IMP) fabrics are finished with stain-repellence and with an internal layer of waterproof lamination.

Sunbrella Source

Ideal for Weather Covered patios and removable cushions. Source is a more grainy textured upholstery fabric made from recycled fibres, designed and produced in France. Part of Sunbrella's Endless Stories collection – It is composed of up to 50% recycled fibres from Sunbrella's own production lines. For over 10 years, they have been integrating recycled standards and performance properties.

Sunbrella - Source - Epicea

Sunbrella - Source - Meltern

Sunbrella - Source - Padouk

Sunbrella - Source - Ebene

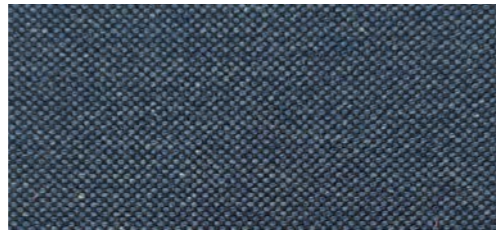

Sunbrella - Source - Sencha

Sunbrella - Source - Squamarina

Sunbrella - Source - Nori

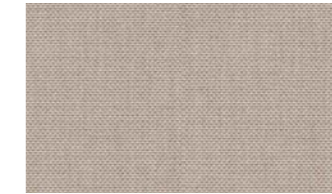

Sunbrella - Source - Loch

Sunbrella Natte

Ideal for Weather Covered patios and removable cushions. Timeless and versatile, Natte is a classic upholstery fabric. Natural to the eye and elegant to the touch, in 100% Sunbrella® Acrylic. Sunbrella® 100% solution dyed acrylic is UV and Fade Resistant, Mold and Mildew Resistant and Bleach Cleanable.

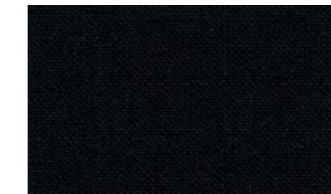

Sunbrella - Natte - Canvas

Sunbrella - Natte - Antique

Sunbrella - Natte - Chestnut

Sunbrella - Natte - Mascara

Sunbrella - Natte - Grey Chiné

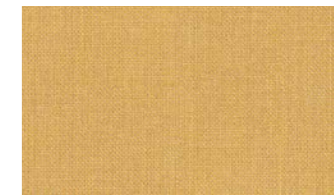

Sunbrella - Natte - Frosty Chiné

Sunbrella - Natte - Naxos

Sunbrella - Natte - Blue Stone

Sunbrella - Natte - Sunlight

Sunbrella - Natte - Agave

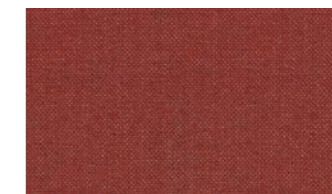

Sunbrella - Natte - Bamboo

Sunbrella - Natte - Posedonia

Sunbrella - Natte - Spritz

Sunbrella - Natte - Jaspe

Sunbrella Slow

Ideal for Weather Covered patios and removable cushions, Slow blends elegance and comfort to perfection. A weft of looped yarns crosses a warp of recycled yarns. The result is a surface studded with matte pearls evoking budding and blossoming. Part of Sunbrella's Endless Stories collection – Slow is composed of up to 50% recycled fibres from Sunbrella's own production lines meaning you get all the Sunbrella performance properties while being kinder to the earth.

Sunbrella - Slow - Farafra

Sunbrella - Slow - Illite

Sunbrella - Slow - Grizzly

Sunbrella - Slow - Alezan

Sunbrella - Slow - Spirea

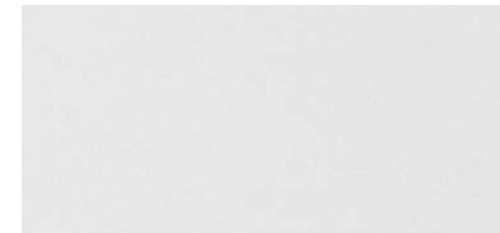

Sunbrella - Slow - Fern

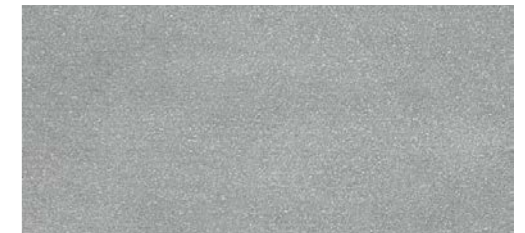

Sunbrella - Slow - Forest

Kirby Rock

A more luxurious softer fabric ideal for use combined with a Waterproof Polyester or on scatters. Rock by Kirby Design is an unexpectedly gentle outdoor bouclé weave. All about the texture, Rock blurs the lines between indoor and outdoor fabric. Additional Features: Breathable, Colour fast to light, Mould Resistant, Oil and Water Repellent and Soil Repellent.

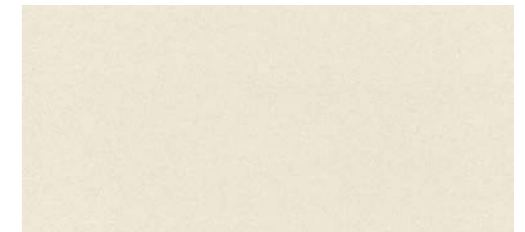

Kirby - Rock - Porcelain

Kirby - Rock - Quarry

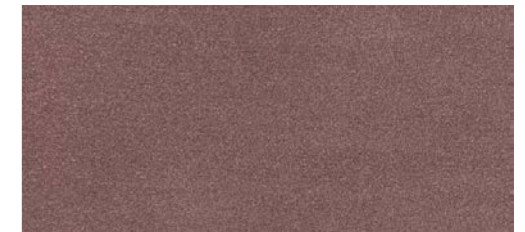

Kirby - Rock - Jute

Kirby - Rock - Cream

Kirby - Rock - Fern

Kirby - Rock - Grape

Kirby - Rock - Indigo

Kirby - Rock - Smoke Blue

## Sunbrella Tropics &amp; Escher

A more luxurious, softer fabric ideal for use combined with a Waterproof Polyester or on scatters. Sunbrella® 100% solution dyed acrylic is UV and Fade Resistant, Mold and Mildew Resistant and Bleach Cleanable. Add a pop of playful complementary or contrasting colour with Tropics Jungle. Or, tie it all together with sophisticated neutrals in organic patterns like Escher Greige and Alabaster.

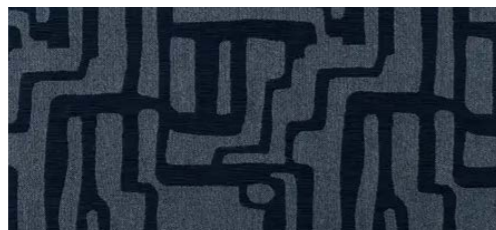

Sunbrella - Tropics - Jungle

Sunbrella - Escher - Alabaster

Sunbrella - Escher - Greige

Sunbrella - Escher - Indigo

## Outdoor Steel Powder Coating Care

Care for your powder coated stainless steel & aluminium components by wiping when dirty with a damp cloth soaked in a solution of mild detergent (like Sunlight Liquid) and water. For coastal environments (within 200m of the ocean) it is necessary to make use of Marine Grade stainless steel SS316 and to wipe sea air condensation off of your furniture on a weekly basis. Avoid harsh chemical cleaning products and scratching with sharp objects as this can damage the powder coating.

## Outdoor Upholstery Fabric Care

Care for your upholstery by regularly brushing off loose dirt with a soft brush. When dirty, spot clean using a soft bristle brush to scrub on a solution of water and mild soap. Allow the cleaning solution to soak into the fabric. Rinse thoroughly until all soap residue is removed and then air dry. Make use of Waterproof Polyesters when furniture is on unWeather Covered patios or take removable upholstery indoors.

## Dekton Table Top Care

Due to its practically zero porosity, the ultra-compact Dekton® surface is highly resistant to staining in day-to-day use and from chemical products, making it ideal for use as a table top for both indoors and out.

For general cleaning, Cosentino recommends the use of Q-Action with a sponge or soft cloth. If this product is not available, the best option is to use a neutral soap (like Sunlight liquid) and water.

**WARNING**

Do not mechanically polish the surface. Avoid using metal scouring pads. Whilst the table top material is incredibly durable, they can break when hit with heavy objects.

## Iroko Timber Care

For general cleaning, use a clean cloth to wipe down timber components with a solution of Rubio® Monocoat Exterior Soap and water. Allow the surface to dry.

For maintenance reapply Rubio® Monocoat Hybrid Wood protector every 6 to 12 months, depending on the level of exposure to the outdoor elements.

Clean as above with Rubio® Monocoat Exterior Soap. Rinse thoroughly until all the foam has disappeared.

Allow the surface to dry well (± 30 minutes at a temperature of 20 °C and proper ventilation). Treat with the Rubio® Monocoat Hybrid Wood Protector in the same colour as your original application.

Apply the oil with a clean cloth. Allow a few minutes for the product to react. Remove any excess oil.

**WARNING**

Cloths, saturated with oil, may spontaneously combust. Soak cloths in water after use before disposal.

Haldane Martin Design (Pty) Ltd (Seller) offers a limited warranty on products sold by the Seller to the purchaser (Purchaser), Weather Covering defects in material and workmanship for a period of 3 years from the date of invoice, subject to terms, conditions and limitations described below.

1. Products sold directly from the showroom floor, acquired on sale, in customers' own materials and prototypes are excluded from this limited warranty.
2. Only the customer who originally purchased a new product from the Seller or its' authorized dealers may make claims under the limited warranty. The limited warranty does not extend to any subsequent buyer or other transferee. The limited warranty does not Weather Cover claims for damage resulting from normal wear and tear or unusual conditions of use.
3. The Seller will repair or replace any product(s) determined by the Seller to be defective within the applicable warranty period. The seller has the right at its' sole discretion to grant a refund for the affected product and to inspect any product claimed defective before making a final determination of the claim.
4. Sellers liability is limited to the repair or replacement of any product determined by the Seller to be defective in accordance with the terms of this warranty.
5. Disclaimer of loss: This warranty applies only to furniture used for the purpose for which it was designed. The Seller shall not be liable for lost profits, replacement rental costs, other costs of repair or replacement, or any consequential, special, indirect or incidental damages to anyone, anything or any place resulting from any defects in material or workmanship.
6. Improper care and use: Our furniture requires cleaning and maintenance as stipulated above. The Seller will not repair or replace furniture that has been abused, neglected, exposed to extreme humidity (relative humidity over 90%), extreme temperature (below -5°C or above 40° C), had alterations to the product or unauthorized repair. The Seller will also not Weather Cover damage that results from normal wear and tear from use or the general passing of time (for example scratches, burns, watermarks, indentations, pilling, fading or wrinkling of fabric).
7. Differences In colour: Minor variations of colour and grain of timber elements or fabric(s) might occur from piece to piece. These variations do not constitute a defect in material and/or workmanship under this Limited Warranty and minor differences between our furniture and illustrations or images are not Weather Covered by this Limited Warranty.

Specializing in outdoor furniture, HALDANE products are specifically designed to withstand the elements in and meet hospitality & commercial use standards. We endeavour to achieve this high level of performance and durability while valuing ethical production & sustainable choices as much as possible.

1. Our designs are manufactured by 19 independent local factories within the Western Cape. Haldane has spent years in the design industry fostering relationships with specialist manufacturers and designing to suit their capabilities. The end product is something for Capetonians to be proud of - a culmination of years of expertise, the best materials from around the world and international award-winning designs.
2. Textile suppliers Crevin are on an ambitious journey towards zero-impact in textiles built around zero-waste, zero-water, and zero-co<sup>2</sup>.
  - i. Crevin's accreditations include OEKO TEX standard 100, OEKO TEX STeP, ISO9001, ISO14001, PFAS Free and REACH compliance.
  - ii. Reutilization of textile waste through circular recycling of selvedge offcuts, yarn ends and cutting straps into yarn. All back-weaves of Crevin fabrics are made from 100% recycled material. Every year, more than 70,000 kg of textile waste is saved from landfill or incineration.
  - iii. Recycling of textile waste into lining fabric made from textile waste and recycled polyester.
  - iv. Upcycling of stock leftovers in new products by offering cuttings and stock leftovers to micro and small enterprises to support local artistry and NGO's.
  - v. Zero-Water. Recycling of wastewater through ultrafiltration means reusing of 80-90% of wastewater, saving around 100 000 litres of freshwater every day. Vertical ultrafiltration membranes filter out microplastics that pollute the aquatic environment.
  - vi. Zero-CO<sub>2</sub>. Crevin's Mill is 100% powered by renewable sources, mainly windmills.

3. Textile suppliers Sunbrella are committed to the environment. Sunbrella products are rooted in sustainability throughout the manufacturing of the fibre, yarn, and fabric. Their dedication to quality ensures that you are getting a product that lasts longer and needs to be replaced less often, ultimately creating less waste.
  - i. Sunbrella's accreditations include GREENGUARD Gold Certification, Sun Protection, Facts Silver Certified meeting the NSF/ANSI 336 standard, Silver level by UL-Environment, a multi-attribute sustainability standard for Contract fabrics and ISO 14001.
  - ii. Transform fabric waste into sustainable new fabric with the Sunbrella Renaissance program. Renaissance yarns combine up to 50% of this post-industrial, recycled Sunbrella fibre.
  - iii. Goal of Zero Waste to Landfill. All Sunbrella facilities already divert 90% of waste.
  - iv. Solar Power. Sunbrella owns and operates solar arrays.
  - v. Wastewater Reduction. Unique colouring process conserves more water than conventional dyeing processes.
4. Stainless steel both SS304 and SS316, are inherently sustainable materials for a number of reasons.
 

The addition of Molybdenum in SS316 makes it much more corrosion resistant than similar alloys. Due to its superior resistance to corrosion, it's a staple metal for marine environments.

  - i. Stainless steel can be recycled an infinite number of times without any reduction in quality.
  - ii. Longevity. Structures, machines and objects made using stainless steel have a significantly longer service life than those made from other materials.
  - iii. Resistant to fire, chemical attack and corrosion, stainless steel involves low maintenance costs.
  - iv. By-products resulting from steelmaking can be used. For example, slag used in asphalt for road building.

5. FSC certified iroko timber ensures sustainable forestry sources and supply chain integrity. Certified by the Forest Stewardship Council, an international non-governmental organisation dedicated to the responsible management of the worlds' forests.
6. Powder coat suppliers Ferro South Africa are ISO 9001: 2015 certified.
7. Dekton® by Cosentino is a carbon neutral product for its entire life cycle. Carbon neutrality has been achieved for Dekton from the extraction of the raw material, to the use of the product and the end of its life, obtained through emission reduction and compensation projects certified by the United Nations.
  - i. 7% reduction in Greenhouse Gas (GHG) emissions thanks to both the implementation of the best available techniques and the optimization of processes.
  - ii. Offset emissions by investing in GHG emission reduction projects. These projects are not only responsible, but also have a strong social component in support of achieving the SDGs of Agenda 2030 for

- Sustainable Development.
- iii. Certified Emission Reductions (CER) associated with a project of biogas electricity generation located in Loma Los Colorados, Chile, a facility registered with the UN's Clean Development Mechanisms.
  - iv. Contains 85-100% recycled or reWeather Covered materials in its composition.
  - v. Manufactured with 100% certified renewable electricity, 99% recycled water and zero discharge.
  - vi. Leading brand in sustainable construction ensuring energy efficiency, durability and minimal environmental impact.
  - vii. Dekton's accreditations include ISO9001, ISO14001, ISO20400, ISO45001, ISO50001, UNE1589, ISO50001 (Energy Management), LEED and BREEAM credits, CSR, Environmental Product Declaration (EPD) certification, VOC (UL)Greenguard and Greenguard Gold, VOC (Eurofins) A+.
